

## **Guest Lecture on “Emerging Technologies: Influence of IoT in Healthcare”**

Guest Lecture Committee along with SOBUS CoE organized a guest lecture on “Emerging Technologies: Influence of IoT in Healthcare” in hybrid mode on 18<sup>th</sup> October 2023. Mr. Aamod Wagh, Co-Founder and CEO of RHEMOS Health & TigerTech Smart Living, Pune, MH was the guest speaker. It was attended by M. Pharm. (All Branches) first year, 3 year students of B.Pharm. of SPTM, and students of H. R. Patel Institute of Pharmaceutical Education and Research. Mr. Wagh is a highly accomplished entrepreneur and a prominent figure in the health and IoT-based healthcare equipment sectors. He has decades of global experience in the IT Services, Strategic Consulting & Healthcare industry, having been a CEO and a part of the Executive Management teams in multinational companies. He has managed diverse teams & worked across multiple locations in the US, UK, EMEA & Australasia. He has recently moved back to India - after spending decades in the USA - for his startups. The webinar concluded with a questionnaire round by faculty and students followed by vote of thanks by Dr. G L Gupta.
